Photo Tips

For House Platters, send 1-5 clear photos to the above mailing address (preferably not Polaroids) or email digital photos to camrock@frontier.com. One photograph should show the entire house as you would like it on the platter with minimal obstructions. We suggest you take the photograph on a slight angle. Generally, a photo where the front door is the focal point and the garage doors are less predominant looks best. Please include additional photos to show detail when possible. Photos will be returned with the platter.

The Products

Each Camrock piece is completely hand painted and signed by a professional artist. Internationally known pottery decorator, Cynthia Meyers oversees our design and production insuring the finest quality product. To insure an heirloom quality gift that will last generations, Camrock Clay Works has developed a unique process using colorful, lead-free underglazes and clay slips. Once painted, they are covered with food safe glazes and kiln fired creating a beautiful earthenware piece of art. All platters and plates include a brass hanger for display. While best used as decoration, they can be used in the microwave and put in the dishwasher. They are not to be used in the oven.

Customer Property

Photographs or other artwork are returned with the platter unless other instructions are given. All artwork, photographs and other property are held at customer's risk, and Camrock Clay Works assumes no responsibility for loss or damage, no matter what the cause. Customer property of extraordinary value shall be insured by the customer and customer shall hold Camrock Clay Works harmless for any deficiency between the amount received and their appraised value.

Personalization

When including the family name on a platter such as "The Millers", the name is plural, not possessive and therefore does not use an apostrophe. When pluralizing names that end in "y" or "s" it is actually proper to use an "ies" or "es". If you are not comfortable with how this looks, such as Meyers becomes Meyerses, then a good option is to use "The Meyers Family" or "The Meyers Home". You can also choose to use the address or town.

Returns/Replacements

CRCW guarantees customer satisfaction. If you are not satisfied with the workmanship, we will replace it or refund your money. The return must be made within 30 days of receipt of the platter. If a personalization is misspelled as a result of our error, the piece will be replaced at no charge. For a replacement or refund, you may call our customer service department directly at 608-423-4748. If you provide incorrect personalization we will not make a refund.
